These GIS data are deemed reliable and every effort has been made to ensure their accuracy. They are, however, provided "as is" without warranty of correctness, timeliness, reliability, or completeness. Map elements do not represent a legal survey of land. Use of these data for any purpose should be with an acknowledgement of their limitations, including the fact that they are dynamic in nature and in a constant state of maintenance. Field investigation may be necessary.

These GIS data are deemed reliable and every effort has been made to ensure their accuracy. They are, however, provided "as is" without warranty of correctness, timeliness, reliability, or completeness. Map elements do not represent a legal survey of land. Use of these data for any purpose should be with an acknowledgement of their limitations, including the fact that they are dynamic in nature and in a constant state of maintenance. Field investigation may be necessary.
