@NKYmapLAB

Agricultural endeavors such as agritourism, wine production, goat livestock, and shellfish enterprises are now happening in the county and demonstrate that, while changing, **agriculture is still a significant part of the economic landscape** of southern Kenton County.

-Direction 2030 Research Report - Agriculture

direction 2030
Your Voice. Your Choice.

Plan Goals & Objectives

- C Community Identity
- E Economy
- G Governance
- H Health
- HC Healthy Communities
- M Mobility
- N Natural Systems
- Primary Goal
- Secondary Goal

How Does This Topic Apply to Direction 2030?

- HC** Celebrate the unique identity of communities within Kenton County.
- E** Preserve and enhance the viability of the rural heritage of southern Kenton County by encouraging the preservation of elements of the landscape which contribute to the rural character and removing barriers to support local agricultural operations.
- N.E** Strive to achieve a balance between development and preservation.
- E** Explore the viability of a regional park system as a tool to attract talent and jobs into the community.

The Farmer's Market season in Northern Kentucky typically runs April through October. In partnership with the Northern Kentucky Health Department, this project explores the Farmer's Markets of Northern Kentucky, along with the vendors participating at each market (as available). These markets offer quality products and are becoming destinations that provide fun for the whole family. More information can be found at: linkgis.org
