Complete Streets

October 2017 National Community Planning Month "Innovation in Planning"

he theme for National Community Planning Month 2017 is **Innovation in Nanning**. It underscores the important role planning plays in helping ommunities address and adapt to change. Innovation includes everything rom using data-driven technology to celebrating new approaches to reating communities of lasting value. Complete streets, the theme of this IKYmapLAB project, is a good example of a new approach to dedicated ights of way, redeveloping them for additional means of travel.
